Domestic Assistance, Home & Garden Maintenance & Home Modifications

In 2018 the City of Mitcham conducted a review of Commonwealth Home Support Program (CHSP) services in response to ongoing reform and quality improvement in the aged and disability sectors. As a result, Council decided to outsource domestic assistance, home modifications and home and garden maintenance. Following a thorough tender process, the City of Mitcham appointed Southern Cross Care to deliver these specific services on their behalf. The current price for services offered by Southern Cross Care are:

All Better Gardening and Home Maintenance:

\$12 per hour.

All Better Care and Better Home (Domestic Services):

\$8 for the first session (40 minutes); and
\$8 for every session thereafter (50 minutes).

To enquire about these services contact Southern Cross Care on 1800 713 165 or email mitcham@southerncrosscare.com.au.

Home Care Packages

If a resident is receiving a Home Care Package through the Home Care Packages Program their care needs should be fully addressed through that package. All Commonwealth Home Support Programme services delivered to a person on a Home Care Package would need to be paid for on a full cost-recovery basis from the client's individualised Package budget.

This is intended to ensure that the Commonwealth Home Support Programme is able to provide entry-level support services to as broad a population as possible (given that in most cases this will be the only form of support that people receiving Commonwealth Home Support Programme services access). This recognises that Home Care Package clients already receive an individualised budget that they control, with which they can purchase the services offered under the Commonwealth Home Support Programme.
