

COMMUNITY LAND MANAGEMENT PLAN

Conservation/Biodiversity Reserves

Adopted by Council 23 September 2023

Acknowledgement

We acknowledge and pay our respects to the Kurna people, the traditional custodians of the land where the City of Mitcham is located, whose ancestral lands we live and gather on. We recognise their continuing spiritual, physical and emotional connection to land, waters, and culture. We pay our respect to them and their culture, and to their Elders past, present and emerging. The City of Mitcham extends that respect to all Aboriginal and Torres Strait Islander peoples who live and gather on this land.

10. Schedule 1 – Conservation/Biodiversity Reserves

Other than where indicated above the sequence of objectives, proposals, and policies within this plan does not infer a hierarchy or order of priority. The target is the goal or standard to be aimed for or reached; whereas the measure is how the Council proposes to determine whether the target/objective has been reached.

Objectives	Performance Targets	How Performance will be Measured
To maintain the Land as a public recreation and green space within the City of Mitcham.	Landscaped areas, trails, pathways, signage and other assets and associated infrastructure are maintained in accordance with relevant maintenance schedules.	An annual review of completed work orders against the proposed maintenance schedule will be undertaken.
	Provide a safe environment for visitors and users of the reserve.	An audit of Council's customer feedback platforms will be undertaken annually to identify number of security incidents/graffiti reported.
	Issue of short-term permits/special use licenses for events is consistent with applicable Council By-laws.	A review of temporary permits against relevant Council By-laws will be undertaken.
To recognise biodiversity assets and flora and fauna as an important element of the landscape.	Invasive species (target and alert weeds) are controlled and, where practicable, eradicated through active Bush care weed control programs.	A comparison of past and present condition rating of native vegetation across the Land will be undertaken and/or weed surveys and/or monitoring will be undertaken on at least a 10-year basis to assess condition.
	The Land is maintained in accordance with any relevant Council policies and plans relating to biodiversity assets	A review of any activities impacting biodiversity assets on the Land against the relevant Council policies and plans relating to biodiversity assets will be undertaken.
