

Application Form

Land Management Program: Grants (Round 14)

File No.

1.0 Applicant Details

Name of Applicant (s)			
Postal Address	Postcode:		
Property Address	Lot/House No.	Street:	Postcode:
	Suburb:		Postcode:
Property size (hectares)			
UBD Map Reference			
Contact Details	Phone:	Mobile:	
	Facsimile:		
	E-mail:		
Incorporation No. (if applicable)		ABN No. (if applicable)	

2.0 Land Management Plan or Action Plan

Plan details - an application can only be made where a property has a current land management plan agreement with the City of Mitcham).

Start Date		Finish Date		Council's reference number of plan	
------------	--	-------------	--	---------------------------------------	--

3.0 Project and Proponent History

3.1 Has this property previously received funding for weed control, revegetation and/or watercourse restoration?
Place an "X" in the box below to indicate your answer.

Yes		No	
-----	--	----	--

Please summarise funding below and the year it was given.

3.2 Has a funding application(s) been submitted to another funding body within the last 12 months (if so please give details)?

--

4.0 Project Proposal

4.1 Provide a brief outline of your project (what you plan to do, why and when?)

Summary (2-5 lines):

5.0 Project Details

5.1 Start Date	Day	Month	Year	Finish Date	Day	Month	Year

5.2 Select one or more activities (up to a combined total of \$3,000) below by writing in the dollar amount next to the chosen activity in the '*Amount Requested \$*' column.

Note the maximum amounts for each activity.

	Amount Requested \$		Amount Requested \$
Herbicide (\$200 max. including GST)		Plants and materials (\$800 max. including GST)* seedlings, wooden stakes, tree guards and jute mat	
Equipment and Tool Hire / purchase (\$800 max. including GST). Fuel and consumables not included		Contractor weed control (\$2,000 - 3,000 max. excluding GST). Minimum project value of \$2,000	

*If planting local native species please fill out Addendum 1 (page 5).

6.0 Scope of Works for 'Contractor Weed Control' (if selected in section 5.2)

Location of Work site (Zone in LMP)	(Please attach a map)
Main Weed specie(s) to target	
Control Methods <ul style="list-style-type: none">• Drill & Fill• Cut & Swab• Spot spraying• Other	(Discuss with Council's Natural Resources Officer before completing) Note: Drilling & Filling is the preferred method for Olive control.
Note	<p>Cut foliage and branches of larger woody weeds will be disposed of by the landholder. The contractor will neatly stack cut foliage and braches in small piles far away from buildings, fences, machinery, equipment and utilities (i.e. gas, electricity, water and telephone infrastructure). Weeds that are brushcut will not be gathered and stacked.</p> <p>The landholder is responsible for keeping people, livestock, and pets out of areas where chemical weed control has occurred during the recommended 'withholding' period for chemical(s).</p> <p>Applicant's notes:</p>

5.3 Landowner's Contribution - please indicate the type of matching contribution you will make - CASH or IN-KIND contribution?

Cash Contribution	\$..... (whole dollars)	Detail:
In-kind Contribution (Costed at \$40/hr)	Hours..... x \$40/hr = \$..... (whole dollars)	Detail:

7.0 Project Outputs

Please complete the table below to show the expected on-ground output(s) of your project.

Works Type	Output Measurement	Project Output
Area of weed control (no native plants in the site)	Square metres (m ²) or hectares (ha)	
Area of weed control (native plants in the site)	Square metres (m ²) or hectares (ha)	
Revegetation – planting local native species	Number of plants	

8.0 Fire and Biodiversity Considerations

8.1 Will grant funded activities meet landholder responsibilities under the *Fire and Emergency Services Act 2005* and Country Fire Service guidelines regarding fuel load reduction around houses, sheds, boundary fuel breaks, etc?

Place an "X" in the box below to indicate your answer.

Yes		No	
-----	--	----	--

Note: Planting of native trees and shrubs should be well away from houses, sheds and boundary fuel breaks so they do not pose a bushfire hazard.

8.2 If known, list any State or Nationally Threatened Species (animals and plants) that have been observed at or in the vicinity of the project site. What types of impacts may this project have on these species?

--

9.0 Applicant Declaration

From who have you sought technical advice?

--

Land Manager Declaration.

I / we declare that the information given on this form is complete and correct.

I / we have read, understand and agree to the Terms and Conditions of this grant program.

I / we consent to the release of information in this application (excluding personal details) for non-commercial public information purposes.

I/we consent to the release of information for Council to discuss this application with other government organisations operating similar landholder assistance programs.

Approved applications: I / we understand that the City of Mitcham will pay a fixed grant amount for approved works and/or materials after receiving and reviewing a completed claim form with 'before and after' photographs, original receipt(s) and/or invoices that have been paid by me/us the landowner. With reasonable notice provided, the City of Mitcham's representative may enter my property to inspect and verify grant related works, before approving final payment of the grant.

Regarding Contractor Weed Control (if selected)

I / we consent to the Scope of Works (section 6.0) to be undertaken on the property (section 1.0) by a contracting firm engaged by the City of Mitcham.

I / we understand that the City of Mitcham (or its representative) will superintend the contract and any issues are to be directed to the City's superintendent (or representative) who will follow them up with the contracting firm.

For safety of the landowner, contractor(s) and/or visitors, I / we agree to not enter the work site whilst the contract works are underway.

I / we will give reasonable site access to City of Mitcham's superintendent (or its representative) and contracting firm(s) that has been engaged to undertake the agreed scope of works (listed above). Access to the site will be required by the contracting firm(s) to undertake cost estimates, weed control works, monitor and assess progress. Council will need to access the site to superintend or supervise the contract.

Breach of any of the above by the landowner(s) / applicant(s) may result in suspension and/or termination of works by the City of Mitcham's superintendent (or its representative).

I / we as the landowner(s) or tenants acknowledge that the City of Mitcham accepts no liability in respect of any claim, cause of action or loss or damage arising out of, or in relation to, any device or product purchased or service procured under this grant program.
